EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bradley T. Saco on 8/23/04.

The application has been amended as follows:

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Figure 5 should be labeled "Prior Art". In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The applicants filed an amendment on 6/17/04. After consideration of the amended claims and reconsideration of the prior art the examiner agrees with the applicant's analysis of the claims and the prior art. In addition it is note that the prior art fails to teach a cleaning method for parts of the plasma-processing chamber wherein wet cleaning of the disassembled parts is combined with plasma cleaning of these parts. The prior art, which discloses the plasma cleaning, teaches it as a periodic step for cleaning the

chamber between the wet cleaning by generating plasma in the chamber to remove contaminants and to increase the time between wet cleaning. US Patent 5,756,400 is cited to show that the steps of cleaning of disassembled chamber parts with organic solvent and wet cleaning times up to 24 hours were conventional in the art. See at least column 1, lines 54-67. However, the examiner's position that neither this document, nor other prior art, taken alone or in combination, teaches or fairly suggest the claimed method.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander Markoff whose telephone number is 571-272-1304. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Barr can be reached on 571-272-1414. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
